Advt. No. MAKAUT/REG/Student Internship-DST-SERB/02

Dated: 14/06/2024

Applications are invited from highly motivated and bright candidate for the position of Student Internship in the DST-SERB sponsored project entitled 'Alkyl- π derived functional materials for energy storage and self-powered electronic applications' under the supervision of Dr. Avijit Ghosh, Associate Professor (C), Department of Forensic Science & Technology, Maulana Abul Kalam Azad University of Technology, West Bengal (MAKAUT, WB)

Designation/job position: Student Internship

Number of Position: 1

Job Description: Synthesis and studies of pi-conjugated functional materials for energy storage and self-powered electronic applications. Candidates having research training on synthesis and spectroscopic measurements will be preferred.

Eligibility:

Essential Qualification: M.Sc. in Chemistry/Applied Chemistry/Forensic Science from a UGC recognized University with minimum 55% marks or equivalent grade in aggregate.

Desirable: The candidate should have training and experience in organic/inorganic synthesis.

Age Limit: Preferably not more than 35 years as on closing date of advertisement.

Duration: 2 (Two) months

Monthly Emoluments: Student assistance-ship of Rs. 5000/- during tenure.

Job location: Haringhata Campus, MAKAUT, WB.

How to apply: Eligible candidates may apply with their CV and a cover letter to Dr. Avijit Ghosh by email: avijitghosh.chem@gmail.com by 24th June, 2024 from the date of advertisement published in the university website. Only short-listed candidates will be intimated for interview via email after initial screening. The interview will be in online/offline mode, the date of which will be notified later via email.

**No TA/DA will be provided for attending the interview.
