- Introduction of 3<sup>rd</sup> Shift (Blended Learning Mode) in the affiliated college of MAKAUT, WB (Policy adopted in the Academic Council of MAKAUT, WB in its meeting held on 03.06.2021. Communicated vide Notification No. 3.6/MAKAUT/Regis./3rdSht/2021 dated 03.06.2021 by the Registrar, MAKAUT,WB).

## I. Background & Perspective:

Change in the world is being observed constantly and those changes are influencing the various domains. Educational domain is not an exception to this. In order to meet up the requirement of such changes in educational domain the glimpse of Transformation of Education has been depicted in National Education Policy (NEP), 2020. Remarkably the student centric approach in flexible mode has been stressed upon in the NEP, 2020 to meet the challenges of such changes in the educational domain. Such student centric approach in flexible mode is required to be pursued rigorously and religiously by the Higher Education Institutions (HEIs) in order to achieve the goal of Education 4.0. The NEP, 2020 has highlighted the acceptability of many modes of learning including Face to Face Learning and Distance Learning or Virtual Mode. Blended teaching learning is a multimode approach now a days. It is not a mere mix of on line and face to face mode but this embraces a well-planned combination of meaningful activities in both modes focusing on learning outcomes and learner centred instructional environment. The outcomes of such blended learning are

- Time management and flexibility
- Desired level of flexible teaching and learning environment
- Widening opportunity for experimental learning
- Widening opportunity for collaboration at a distance
- Enhancement of teachers student interactions
- Active participation and engagement of students in learning
- Compliant for self and continuous learning and thereby lifelong learner is being encouraged

In the paradigm of educational transformation, the Academic Bank of Credit (ABC) has been given prime focus now a days. In line with the same, the UGC in its 547<sup>th</sup> meeting held on 29<sup>th</sup> May, 2020 discussed the blended mode of teaching. In the said meeting it was decided that Higher Education Institutions (HEIs) should be allowed to teach up to 40% of the syllabus of each course (other than SWAYAM course) through online mode and the remaining 60% of the syllabus of the concerned course could be conducted offline mode. The said decision had been communicated by the Secretary, UGC through a Public Notice vide D.O.No. I-9/2020(CPP-II) dated 20<sup>th</sup> May, 2021.

In this background and perspective, the policy of introduction of the 3<sup>rd</sup> shift (Blended Learning Mode) in the affiliated colleges is being accepted and adopted.

## **II. Rationale:**

All of us aware that there are many teaching methods and techniques. Perhaps, it will not be wrong to consider blended learning mode as the best of all in the world. That is the best because it helps all for the learning requirements and style through a variety of medium and techniques. In recent times many learning platforms across the globe have adopted blended learning mode.

## III. Application of Blended Learning Mode in the context of the MAKAUT, WB Affiliated Courses in the 3<sup>rd</sup> Shift:

After going through the syllabi of Non-AICTE courses (UG and PG both) of the University numbering one hundred (100) at present the following findings are made in Tabular Forms: Table-I (UG Course) and Table-II (PG Course) in terms of Maximum Credit distribution semester wise (LT-P):

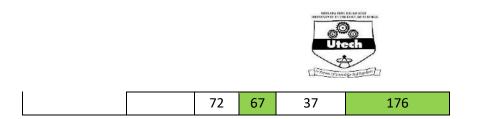

## Table-I (UG Course)

Name of the course having maximum total	Total C semest	redits in ers	6	Maximum total credit of practical allotted in
credits allotted among the MAKAUT Syllabi of Non- AICTE courses (UG)	L+T	Ρ	Total	semester
B.Sc. (HHA)	139	37	176	4 <sup>th</sup> semester -28

## Credit distribution in B.Sc. (HHA) in 6 semester:

(Non CBCS)	Sem 4	0	0	28	28
	Sem 5	14	13	3	30
	Sem 6	11	16	3	30

## Table-II (PG Course)

At present 1<sup>st</sup> shift and 2<sup>nd</sup> shift are running in the affiliated colleges as per timing format given below:

1<sup>st</sup> Shift 7:00 am to 1:30 pm (Monday to Friday) weekly including recess 2<sup>nd</sup> Shift :2 pm to 8.30 pm (Monday to Friday) weekly including recess

Total Teaching Learning Hrs. weekly: 32 hrs. 30 min (1<sup>st</sup> shift and 2<sup>nd</sup> Shift each)

The under mentioned timing format for the 3<sup>rd</sup> shift in the affiliated colleges is being accepted:

3<sup>rd</sup> Shift: 6:00 pm to 9:00 pm (Monday to Friday) weekly and

9:00 am to 6:00 pm (Saturday and Sunday) weekly

Total Teaching Learning Hrs. weekly: 33 hrs. (3<sup>rd</sup> Shift) including recess.

It appears from the abovementioned facts that the total teaching learning hrs. of the  $3^{rd}$  shift is almost same like 1st Shift and  $2^{nd}$  Shift.

Question will arise regarding the overlapping of the teaching learning time from 6 pm to 8.30 pm (Monday to Friday) of 2<sup>nd</sup> shift with this 3<sup>rd</sup> Shift. Keeping in view the said overlapping time between 2<sup>nd</sup> shift and this 3<sup>rd</sup> Shift (Blended Learning Mode) may be conducted (online digital platform) in this 3<sup>rd</sup> shift time slots in strict compliance with the directives as laid down in the letter of the Secretary, UGC vide D.O.No. I-9/2020(CPP-II) dated 20<sup>th</sup> May, 2021. Keeping in view the said letter dated 20<sup>th</sup> May, 2021 of the UGC, following findings may be made from Table I & Table II which is depicted below in Table III (UG Course) Table IV (PG Course)

## Table-III (UG Course)

Course T	Fotal Credit	40% Online	60% off Line
----------	--------------	------------	--------------

BSc-(HHA)	176	70	106
	Table	IV (DC Course)	

Table – IV (PG Course)

Course	Total Credit	40% Online	60% off Line	
M.Sc. (Media Sc.)	146	58	88	

It appears from Table I that the maximum Credit of 28 in 4<sup>th</sup> semester

(Practical) of B.Sc. (HHA) course has been allotted. The said maximum Credit of practical may be conducted in Saturday and Sunday [weekly 18 hrs. (9+9)] as 18 weeks time period is available in each semester for teaching learning process. It is needless to mention that said time period is sufficient to meet up the maximum practical credit requirement of the said UG course.

So, it transpires from the aforesaid facts that practical classes may be conducted in the week end (Saturday and Sunday) in addition to theory classes as per credit requirement allotted in the L T P mode of the respective syllabus of UG course. Remaining theory classes of the respective syllabus of UG course may be conducted, from Monday to Friday (6 pm to 9 pm) weekly in Blended Learning Mode.

It appears from Table II that the maximum Credit of 24 in 4<sup>th</sup> Semester (practical) of M.Sc. (Media Science) course has been allotted. The said maximum Credit of practical may be conducted in Saturday and Sunday [weekly 18 hrs. (9+9)] as 18 weeks time period is available in each semester for teaching learning process is available in each semester. It is needless to mention that said time period is sufficient to meet up the maximum practical credit requirement of the said PG course.

So, it transpires from the aforesaid facts that practical classes may be conducted in the week end (Saturday and Sunday) in addition to theory classes as per credit requirement allotted in the L T P mode of the respective syllabus of PG course. Remaining theory classes of the respective syllabus of PG course may be conducted, from Monday to Friday (6 pm to 9 pm) weekly in Blended Learning Mode.

In a nut shell, the 3<sup>rd</sup> shift practical classes will be conducted in the week end (Saturday and Sunday) as per credit requirement of the respective syllabus in addition to the theoretical classes in the college campus (off line mode) for all UG and PG courses. The theoretical classes as per credit requirement of the syllabus will be conducted online by using the digital platform after taking teaching assistance from Academic Luminaries of National and International Institute of repute from Monday to Friday (6 pm to 9 pm) weekly for all UG and PG courses.
