

# Online Teaching Certificate Programme

## Overview

The current scenario has compelled us to adapt to a new way of life suddenly and on a grand scale. One of the severely affected areas is TEACHING, which traditionally depended on real life interactions but now the only option to keep the academia running seems to be E-Teaching, i.e., teaching through the online platforms.

In association with Cambridge Marketing College UK  
An India UK initiative

**Learn to Teach Online (Online Teaching Certification)**  
A training programme for educators of all levels

## The Programme

This programme aims to help teachers of all levels in embracing the emerging tools and technologies in the e-learning space and to use them confidently.
